

# HYDROLOGICAL SCIENCE AND TECHNOLOGY

Volume 23

Number 1 - 4

## Proceedings of the American Institute of Hydrology 2007 Annual Meeting and International Conference

“Integrated Watershed Management:  
Partnerships in Science, Technology and Planning”

Reno, Nevada  
April 22-25, 2007

### CONTENTS

CONTENTS .....	PAGE
FOREWORD .....	v
<b>TECHNICAL PRESENTATIONS</b>	
<b>Water Resources Management Scenario Analysis in Karkheh River Basin, Iran, Using WEAP Model</b> <i>Ahmad Abrishamchi, Hosein Alizadeh, Masoud Tajrishy, and Ali Abrishamchi</i> .....	1
<b>Development and Application of a Water Temperature Model for the Colorado River Ecosystem Below Glen Canyon Dam, Arizona</b> <i>Craig R. Anderson and Scott A. Wright</i> .....	13
<b>Hydrogeology of Death Valley</b> <i>M.S. Bedinger and J. R. Harrill</i> .....	27
<b>Water Resource Issues and Solutions for Forest Roads in California</b> <i>Peter H. Cafferata, Drew B.R. Coe and Richard R. Harris</i> .....	39
<b>A Review of Sinkhole Flooding Policies and Practice</b> <i>C. Warren Campbell</i> .....	57
<b>Sheet Flow Time of Travel and Time of Concentration</b> <i>C. Warren Campbell</i> .....	63
<b>Retrofitting Home Landscapes at Lake Tahoe with Small Scale Best Management Practice (BMPs)</b> <i>John Cobourn</i> .....	69
<b>Why Integrated Watershed Management?</b> <i>John Cobourn</i> .....	75
<b>Ground Water Capture of Surface Drainage During Post-Eruption Landscape Evolution, Williamson River Basin, Oregon</b> <i>Michael L. Cummings</i> .....	79
<b>Factors Controlling Ground-Water Level Fluctuations in Devils Hole, Death Valley National Park, Nevada</b> <i>J. R. Harrill and M.S. Bedinger</i> .....	91

## CONTENTS

<b>Adaptive Water Management to Curtail Conveyance Losses in Distribution System in Projects A.P., India</b> <i>Mohamed Mahboob Hussain</i> .....	101
<b>Nationwide Trends in Implementation of Best Management Practices (BMPS) for Forestry</b> <i>George Ice and Erik Schilling</i> .....	111
<b>The Role and Effectiveness of Local Agency Policies and Procedures for Protecting Anadromous Fish Habitat</b> <i>Susan D. Kocher and Richard R. Harris</i> .....	121
<b>Contributions of Organic Matter and Suspended Sediment to Turbidity: Muddying TMDLs in the Blue Earth River Basin</b> <i>Christian F. Lenhart, Kenneth N. Brooks, Daniel Henely and Joseph A. Magner</i> .....	127
<b>Aggregated Modeling Alternatives for Modeling California’s High-Elevation Hydropower with Climate Change in the Absence of Storage Capacity Data</b> <i>Kaveh Madani and Jay R. Lund</i> .....	137
<b>A System Dynamics Approach to Integrated Watershed Management</b> <i>Kaveh Madani</i> .....	147
<b>Stratified Regional Hydraulic Geometry Curves: A Tool for Managing Riparian Connectivity and Water Quality</b> <i>J. A. Magner and K. N. Brooks</i> .....	159
<b>Climate Signal Clustering for Precipitation Forecasting: Comparison Between Genetic Algorithm and K-Means Clustering Methods</b> <i>Abbas Roozbahani and Banafsheh Zahraie</i> .....	173
<b>WARSSS- A Watershed Assessment for River Stability and Sediment Supply – An Overview</b> <i>Dave Rosen</i> .....	181
<b>Analysis of Parameter Sensitivity and Uncertainty of the SWAT Hydrological Model</b> <i>Hamed Rouhani, Patrick Willems and Jan Feyen</i> .....	191
<b>OPENING PLENARY SESSION PRESENTATIONS</b>	
<b>Emerging Challenges in Hydrology in the 21<sup>st</sup> Century</b> <i>P. Patrick Leahy</i> .....	203
<b>Negotiating Future Water Resources Solution for the Truckee Meadows</b> <i>John Erwin</i> .....	211
<b>A Road to Sustainability</b> <i>Peter E. Black</i> .....	215
<b>2007 AIH AWARDS &amp; HONORS</b>	
<b>2007 Ray K. Linsley Award</b> <i>Citation: Lindell Ormsbee</i> <i>Recipient: Dr. Jacques W. Delleur</i> .....	221
<b>2007 C. V. Theis Award</b> <i>Citation: E. C. Witt</i> <i>Recipient: Dr. Phillip B. Bedient</i> .....	223
<b>2007 Robert G. Wetzel Award</b> <i>Citation: Glen Patterson</i> <i>Recipient: Dr. Robert H. Meade</i> .....	227
<b>2007 CONFERENCE ABSTRACTS</b> .....	231
